

The Second Nordic International Conference on Climate Change Adaptation will be held at the Conference Hotel Rantapuisto, Helsinki, Finland on 29-31 August 2012.

www.nordicadaptation2012.net

The Conference, entitled Adaptation Research meets Adaptation Decision-Making, is a joint initiative between two Nordic research networks: NORDCLAD-Net and NONAM, which are both funded under a Nordic Council of Ministers initiative. The conference is co-ordinated by the Finnish Environment Institute (SYKE) and Finnish Meteorological Institute, with additional sponsorship from the City of Helsinki and the Mistra-SWECIA and FICCA research programmes.

Online Registration for the Conference, along with additional information about the venue, programme, sponsors, accommodation and other details can be found at

http://www.nordicadaptation2012.net

where prospective presenters are also invited to submit *Abstracts* (extended deadline 30 March 2012) on topics falling under five main themes:

- Risk assessment and impact response 1.
- Vulnerability and adaptive capacity 2.
- Building resilience 3.
- Policy development and implementation 4.
- 5. Cross cutting issues in adaptation

The Conference is open to scholars and practitioners interested in climate change impacts, vulnerability and adaptation. Invitations are extended to researchers across a range of disciplines, public and private decision-makers, regional and local planners, professionals with a background in risk management as well as representatives of NGOs and international organizations. There will be an emphasis in some sessions on adaptation in a Nordic setting, but participation and experiences from outside the region are also strongly encouraged.

Welcome to Helsinki!
